

# 2024 SPRING CLEANUP

April 1 – 5, 2024

## WHAT WILL THE CITY PICK UP?

Only pick up yard waste, tree limbs and branches if properly bagged and stacked as shown below at the curb.

Place all yard waste (grass clippings and leaves) in **yard waste paper bags**, available at many local retailers. If you use plastic bags, we **won't** pick it up.

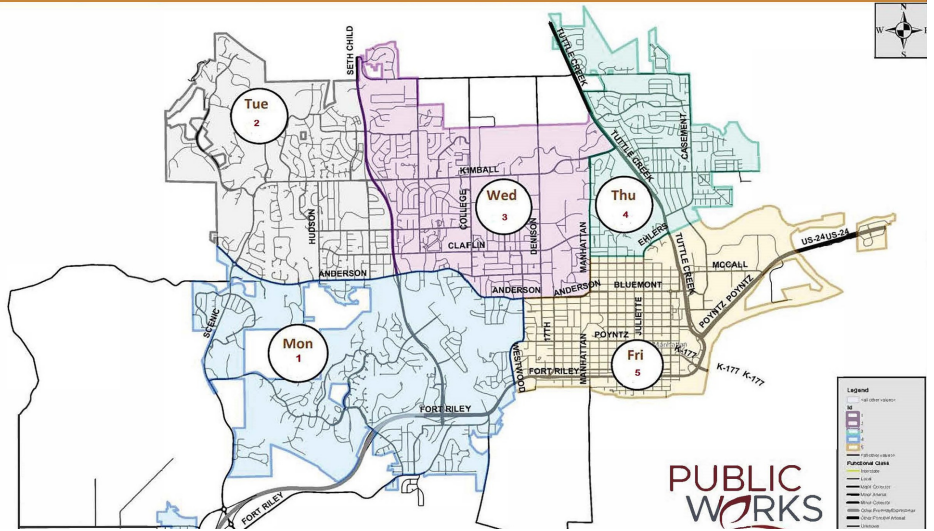

Create **separate piles** on the curb for yard waste and limbs and branches. **Stack branches** in a loose pile; don't use rope or twine to tie them together.

Do not mix **scrap lumber** or foreign objects with branches. Scrap lumber will be picked up by participating refuse contractors on your regular trash pickup day and location.

Please have your items on the curb and ready for pickup by 7 AM on your scheduled day. Crews will only check each area once.

April 1 – 5, 2024

Please have your items on the curb and ready for pickup by 7 AM on your scheduled day. Crews will only check each area once. Crews will start in the South West Quadrant of the City on Monday, April 1st.

## WHAT WILL MY TRASH PROVIDER PICK UP?

Participating refuse contracts (see list below) will pick up all trash and debris during their normal route and only for their customers. If you do not have a contract for refuse services with one of the participating contractors, you are responsible for your own disposal. Trash and debris must be stacked next to the location of regular trash pickup on the day of regular service.

Average Joe's Trash Service	785-537-2228
B&L Trash Service	785-539-8698
Howie's Trash Service	785-776-8352
Joe Mallon Trash Service	785-494-2385
Pick Pink	785-370-0951

## WHAT WON'T YOU ACCEPT?

No major household appliances, tires, batteries, concrete or rock rubble, construction or demolition debris, or household hazardous waste will be collected. Take all household hazardous waste, paint, thinners, lubricants, herbicides, insecticides, etc., to the Riley County Noxious Weed Department at 6245 Tuttle Creek Blvd. Services with one of the participating contractors, you are responsible for your own disposal. Trash and debris must be stacked next to the location of regular trash pickup on the day of regular service.
